

## Cell Phone Values

Recycling 4 Green pays something for every phone, whether or not it is working and even if it is not on our value list. Prices on our Cell Phone Value List are paid for phones in good working condition only.

**Good working condition** means that the phone powers up, possesses an undamaged LCD screen, makes a test call, has no water or other significant damage. Phone must include a battery and battery door.

**Non-working phones** listed on the Cell Phone Value List will be credited 25% of the working phone price. Working and non-working phones that do not appear on our price list will be credited at competitive pricing.

## GPS Device Values

Recycling 4 Green pays something for used GPS devices, working or not. Prices are paid for GPS devices in good working condition only. Good working condition means that the GPS powers up, has a battery, and works properly.

**All working GPS Devices - \$5.00**

Note: Non-working GPS Devices or those with excessive cosmetic damage will be credited at 25% of the working GPS Device price.

## Ink Jet Values

Recycling 4 Green pays something for every undamaged ink jet cartridge, whether or not the cartridge is full and even if it is not on our price list.

**We CAN NOT accept**

**Laser or toner cartridges – those cartridges that are larger than the palm of your hand.  
Damaged, reconditioned or refilled cartridges will not be accepted.**
